Dear Parents/Guardians,

I welcome back all our students, colleagues and friends to school and look forward to catching up with all of them. Our students have had a three-week long break and must be refreshed and organised to start a new semester.

Great work has been undertaken to complete the new building for this term. Minor adjustments still need to be made before the two girls’ classes move to the new building.

It is an exciting time for all of us who have seen the stages that our school has gone through. The dedication, hard work, sweat and prayers of all of you are appreciated. I thank all of our finest workers who have worked day and night to maintain the building and hardships that go with it. All of these people, the heroes behind the scenes are rarely seen.

In addition, I would like to thank all of our gentleman helpers who came along this past Sunday to clear away the debris and tidy up the school. The weather’s extreme harshness that day did not deter our friends from lending a helping hand to our beautiful school. That spirit is what makes our school special because these foundations are watered with your sweat and tears and set firm to last till eternity with your prayers. Our sincere thanks to all of you again.

In relation to the secondary school reports, I believe most of the reports have been picked up by parents. There was minor problem and reports were not able to be made ready before students broke up for the holidays. There will be a secondary parent/teacher interview next Monday night. Please make a booking with the teacher to confirm your interview. Students have been informed about this procedure and our teachers are awaiting for the times that are convenient for you. The times specified are from 5.00 pm-7.00 pm and 5 minutes per family. I look forward to seeing most of you on Monday night.

Wishing you a happy holy day of Regaib, the first of many holy nights to come in the three blessed months of Rejab, Shaban and Ramadan.

May you all have a great and safe weekend?

Regards

Erdal Kocak
Principal
