Dear Parents/Guardians,

We have had a very successful and positive start to the week.

Firstly we had a very motivating turn up on Open Day. The weather conditions were perfect for a beautiful day that followed. Thank you to all that attended and made the day a great one for all of us.

I would like to acknowledge and thank all of my valuable teaching, non-teaching staff and students that made this day a memorable one.

The Night of Bera’a in the Muslim Calendar as you all know is a significant night all Muslims celebrated this past Monday night. Special programs were arranged for staff and students alike on this day. We wish you all a Kandil Mubarek again.

Again on Monday, saw the Year 7 and 8 Girls classes finally move into their new classrooms in the new wing that has been opened up. Our students and teachers are getting used to their new rooms. Occasionally we have some staff looking for their students in their old classrooms and students going back to their old classrooms. We hope that this will all settle down soon.

We have our annual End of Year Performance Night coming up very soon. We anticipate that we will see all our parents, friends and extended family members come along to this great event. As you all know celebrating our students’ achievements with them makes them feel motivated and positive about their contributions to our society. In fact all our students are looking forward to providing you with a lot of fun and excitement on the night. Please set the date in your calendar and arrange all your family and friends to attend this important function.

Lately our students are attending educational excursions organised by their teachers and are very lucky to be part of these excursions. We hope that students remember that when they go on excursions they represent the school and community that they belong to. We hope that the behaviour displayed is a positive one always. In addition to that, these experiences are providing them with extra knowledge on the areas they are studying in their classes currently.

We hope that your week was a great one too.

Wishing you all a safe and restful weekend.

Regards,

Mr. Erdal Kocak
Principal

UPCOMING EVENTS

Entrance Exam-1st of September
School Concert-12th of September

“Quotation”

“That which is false troubles the heart, but truth brings joyous tranquility.”

Event: 2007 Performance night
Place: Drum theatre Dandenong Town Hall
Address: 226 Lonsdale Street, Dandenong
Time: 7:00 pm - 9:30 pm
VCE - Year 11 Guest Speaker

On Thursday 30th August our VCE class had a guest speaker come in from Consumer Affairs Victoria who gave a very informative and interesting presentation to the students. The incursion was a part of the Legal Studies curriculum which fits in with the topic of civil law and individuals rights, in this case, our rights as consumers. It was thought that all VCE students would benefit from this presentation therefore, the whole class was included.

The presentation started off with a background of what Consumer Affairs Victoria does and how we as citizens and consumers can benefit from this service the Victorian Government offers. We then were informed of our rights specifically when purchasing mobile phones and cars which were very interesting and engaging for all students.

We thank our guest speaker for a great presentation and our VCE class for representing ISIK College well.

VCE Legal Studies
Miss A. Ljatif
Week 6 has been a very busy week! Book Week and Science Week were celebrated by the Primary school through students participating in a variety of activities. Year 5 and 6 students organised a Science Fair for the Prep 4 students to visit and observe fascinating science activities. Some of the activities were hearing bells ring through a wire coat hanger and string, piercing a bag of water with pencils and not spilling the water, volcanic eruptions, seeing goop that is solid when in the bowl turn to liquid in your fingers, magnetic forces, electricity and flight. All students had a wonderful time experimenting with science. **SCIENCE IS GREAT!**
