Dear Parents, Teachers and Students,

We have almost reached the end of term for Year 10 and 11 students. They will be sitting their Semester Exams next week and will have orientation the week after. Revision has already started for the Semester Exams. Years 7 to 9 will have their yearly examinations in week 9. It is very important for our students to start studying for Semester exams early on. In some subjects, the semester exam amounts to 50% of students’ overall results.

As a part of our Values Education program, SRC students organised a sponsorship appeal in order to raise funds for needy students in the Philippines. They raised nearly $9,000 for 15 students. This money will be spent to cover for the educational needs of these 15 students over a period of two years.

Currently, ISIK College is involved in another fundraising activity that our parents can be actively involved in. We are collecting second-hand clothing, toys and books for Papua New Guinea. You can drop these items into allocated recycling bins in the canteen.

I would like to thank all of our parents for attending ISIK College’s 10th Year Celebration. It was a huge program with participation from all six campuses and lots of presentations. The program showed us just how much ISIK college has achieved in its first decade.

Best wishes,

Mr. M. Koca

Celebrating 10 Years of Achievement
Year 10 Biology Students Visit Melbourne Zoo

On Friday, 2nd November 2007, the year 10 Biology students visited The Melbourne Zoo.

Students took a journey back in time and explored some of the early evolution theories as they observed and interacted with a variety of zoo animals.

RELIGIOUS STUDIES

The year 8 students chose their favorite attributes of Allah and produced beautiful pieces of work on canvas.
