Dear Parents, Students and Staff,

It was a fantastic day for all on Monday 23rd of April in which we celebrated Children’s Day at our school with a great turnout of supporting parents.

It was a further festivity for students and all children who attended our picnic, as each were given a show bag which parents had prepared.

We have attached the articles published in “Shepparton News” and “The Adviser” for all to read at a convenient time.

School Photos were taken on Tuesday 1st of May in which all students looked very nicely presented.

The outstanding behaviour that our students displayed on the day of their excursion to the Melbourne Zoo was overwhelming.

Our grade 4/5/6 students gained a lot out of an education seminar given by Dr. Caroline Walta on Thursday 3rd of May. The seminar had great importance to our senior students, who were given information about getting into university, completing a university course, and the value of education altogether.

Yours Sincerely

Hatice Demirbas
ISIK College - Shepparton Campus Principal
