Dear Parents/Guardians and Students,

It is a very busy time of the year and everyone is currently organizing programs and material to benefit all of our students.

We anticipate that you will lend support to all of these programs and follow the news of what we are all doing from our weekly newsletters.

It has come to the attention of staff that some of our students still don’t have the correct uniform. We urge all parents to order and access all the uniform requirements of our school including the sports uniform.

In addition to this, some of our students are not abiding by the correct uniform policy which includes hair, make-up, and jewelry.

The home group and classroom teachers have all gone through what the correct uniform requirements for all students are from the Isik College Handbook.

Our Uniform Policy is very clear and students must adhere to these rules. We urge all our parents to check their children prior to sending them to school in the mornings.

Another matter that will help run the school smoothly is the issue of lateness in the mornings. Students that are brought to school by parents and friends must be brought to school on time before the morning bell. Unfortunately, regular lateness to school will result in the student receiving a detention. This step is not a favourable one; however, we are trying to help our students to be disciplined in all areas. In addition, we don’t like to see the other students that have already started the work to be disrupted and be disadvantaged by regular disturbances.

The school and parents working together can culminate in bringing about a generation of well-organized and reliable people that we all need in our society.

Our students represent us in society and we must all ensure that they represent themselves and us in a positive way.

We have in the past always relied on your support and have never been let down. We are very fortunate to have you, our parents, to watch and help nurture our students become better citizens in the community which they live in.

You will all be notified of upcoming parent meetings and seminars and the details of these meetings will be forwarded to you in the coming weeks.

Wishing you all a safe and restful weekend.

Regards

Erdal Kocak
Principal
This is going to be an exciting year for us. We have 9 Year 6 students and 9 Year 5 students. These students have been discussing their strengths and weaknesses as part of goal setting so here are some positives:-

**WE ALL HAVE SKILLS.....**
