Dear Parents and Students

Mums and dads are the most important role models for their children. They are the 1st people a child meets when they are born. They continue on their life path by using what they have copied from mum and dad. don't tell me what can I do, this is a habit of mine when it comes to bad habits. Because these may seem insignificant at this early stage but you can be assured they will grow into the major problems of tomorrow. Unfortunately we cannot turn back time. Lets please put this among our life plans as well. You can be sure that this will bring many long term benefits to you.

Last week we had parent teacher interview and all teachers were happy to see all the parents coming. We can see that parents that are following their child have improved much more in class. Some of our parents didn’t send the forms back to have an interview with the teachers. Please next time if possible ring the secretary and let us know.

In our big bus we have a DVD player and all students are happy. They are all watching some videos that they can learn from. I thank our parents specially Yildirim Eren and Atilla Kocmar for their help.

I hope all is as you please

Nail Umur
Principal
**REMINDER:**

- This week we had a Doner kebab day for Lunch order. We thank Sevil Aktas for organizing a Kebab doner day for our students. All students loved it.
- Teachers have given out notes to students for EMA. If anyone has got a new healthcare card or changed any details, please come to the office for a new note, before the 7th of August.
- Teachers have given out notes for school photos. Make sure you put the right amount into the envelope and send it back to school before the day.
- This week on Monday we had parent-teacher interviews. Hope parents got the results that they were waiting from their child. Please make sure that students do their homework and study a lot more at home.
- Teachers have given out notes for IMAX. This term our theme is about dinosaurs and students will be going to an excursion on Friday the 7th of August. Please return note before the day.

**OUR SCHOOL AND CLASS CAPTAINS:**
1- School Captain: Ayse KAVCI

Thank - you
Students used Word Art to type their names up on the computer. They really enjoyed trying different styles and colours. It was fun!!!

Dinosaurs died under the rock.
I like Dinosaurs.
Nobody saw dinosaurs.
Omnivore ate both meat and plants.
Stegosaurus has spiky tail.
Apatosaurus has long neck.
Under the rock was a baby dinosaur.
Red dinosaurs are big and strong.

Mohammed Ali Alizadah wrote a poem about dinosaurs.

This week they all have done beautiful Dinosaur mural. Our classroom is now even brighter

The students showed enthusiasm in their learning this week. They were ready to learn new things. They interacted well during class discussions and debates.
